Testimonials

'Grid Magic is a versatile, user friendly programme for generating creative graphics. I have used it successfully, in Textiles, with pupils of all abilities and I continue to be amazed by the variety of patterns that can come from such a simple to use programme.'

The pupils thoroughly enjoy using Grid Magic and the element of surprise, as their designs develop, makes it even more worthwhile to use.'

**A. Horsley - Head of Technology
Connaught School for Girls**

ISub Education have been a superb company to deal with, they are very approachable and helpful providing prompt support and excellent ordering service. The products and materials are good quality and are a real asset to the D&T department. The Grid Magic software has loads of potential. Students of all ages and abilities have produced successful designs quite quickly. A great tool for pattern development.
